

DOLPHIN PHYSIO RATES

- First Assessment and/or treatment → **\$75.00 payable at your first visit**
- Subsequent Visits → **\$60.00 payable at each visit**
- 5 or more Subsequent Visits → **\$50.00 payable at each visit or \$250 for 5**

Lower rates may be negotiated for longer-term rehab programs. Unused prepaid sessions can be saved for a later date (no expiry), can be transferred to another person, or transferred to equivalent value gym pass. Refunds for unused sessions are calculated after subtracting full rate, not the discounted rate, for sessions attended.

Extended health plans may apply. Submit your official final statement with dates of treatment to your insurance carrier.

PREMIUM ASSISTANCE

Up to ten (10) sessions may be covered by MSP, if you are on BC Medical Premium assistance (income less than \$30,000 in the previous year). Ask for an application for premium assistance if you qualify but haven't applied.

- All visits covered by MSP → **\$20 payable each visit**
- After MSP visits are used → **\$40 payable each visit**
